

Folding-arm
full-cassette
awning

Toscana

Just
enjoy life!

Lewens
MARKISEN

Mounted on the wall or below the ceiling, the Toscana awning creates a light, floating impression.

The wide range of awning fabrics from the Lewens collection and choice of frame colours create endless combination and design possibilities.

Toscana – playful airiness

A classic for balconies and medium-sized patios

Attachment

The awning is supplied optionally with brackets facing to the rear (for wall mounting) or upwards (for ceiling mounting). The brackets are located on the outside of the awning in the area of the arm brackets.

Equipment and extras

- Width max. 600 cm,
drop max. 300 cm
- Electric motor
- Options:
radio motor/radio remote control,
automatic weather sensor,
LED lighting,
support legs

Shade and privacy

Due to the special design of the Toscana, a larger pitch angle can be set during assembly.

The awning thus offers privacy and shade even when the sun is low in the sky

Possible pitch angles:

Mounting	Wall/Ceiling
Motor drive	5 - 80 °
Crank drive	5 - 45 °

As an award-winning classic design from the house of Lewens, the Toscana embodies timeless elegance and adds a stylish touch to any balcony or patio. A particular highlight is that the Toscana can be fitted with an especially large pitch angle, thereby creating additional shade and privacy.

Full cassette

The 13 cm high cassette protects the awning reliably against the effects of the weather when retracted.

Toscana

Equipment and technical features

Toscana

 Manufactured and assembled in Germany
 TÜV-tested safety
 Quality and technology CE-compliant
